**From Mr. Buthod - Next Year's Schedule:** The On-Line Dual Credit Chemistry class being offered next school year could be cancelled. If Missouri Valley is not able to offer this class then we will offer it as an AP Chemistry class next year. Mr. Strobe will proctor the class if we are able to offer the on-line dual credit class. If the class is dropped then Mr. Strobe will teach it as an AP Chemistry class. If students end up taking this class as AP then you would have to take the AP Chemistry test after you have

completed the class and if you pass it then you would get the college credit for the class. We will keep the students that have already signed up for this class updated on what happens in the next month with this class. We will offer the On-Line Dual Credit Biology class next year and there are no issues with offering that class.
